Policy Statement

Eastwood Heights OOSH will only use transport for the purposes of transporting children to and from excursions.

We are committed to providing transportation that is well considered and planned to ensure the health, safety and wellbeing of children at all times. Every reasonable precaution is taken to protect children from harm and from any hazard likely to cause injury.

When transportation forms a part of our service, our service will remain responsible for children during that period of transportation. This will apply when we are transporting children, or have arranged for the transportation of children, between our service premises and another location. This policy facilitates the provision and arrangement of transportation of children as part of our education and care service.

Background

The Education and Care Services National Regulations require approved providers to ensure their services have policies and procedures in place in relation to the safe transportation of children.

Procedures

Appropriate safety measures will be implemented through our comprehensive risk assessment process to ensure supervision is adequate at all times including on transportation. Educator to child ratios are adhered to in addition to ensuring the maximum numbers on the service approval are not breached at any time.

Adequate supervision is not static as it is dependent upon a range of considerations documented in risk assessments.

The service will ensure that any child being educated and cared for by the service is not taken outside the education and care service premises on an excursion unless written authorisation has been provided by the parent or authorised person.

Where transportation of children is required, the service will only utilise chartered transport for excursions to and from the service. Children will not be transported in educators' cars. We do not provide regular transport as part of our service provision.

Procedures

Approved providers, nominated supervisors, vacation care coordinators, educators, and other staff have a duty of care to protect children from harm and hazards and to ensure their health, safety and wellbeing while being transported by the service. These procedures will be followed by everyone involved in transporting children.

Transport Specific Risk Assessments

Procedure	Action By				
The service will conduct comprehensive transport specific risk assessments to minimise and manage all potential risks for transporting children before authorisation is sought to transport a child.			VC		
The service will ensure that the risk assessment identifies and assesses the risk the transport may pose to the safety, health and wellbeing of any child whilst using the transport and will specify how the service will manage any risks identified.			VC		
Educators and any responsible adults using the transport are aware of the service’s policy and procedures that set out the instructions for what must be done in the event of an emergency and are aware of the risk assessment for the transport.		NS	VC	E	
The risk assessment conducted will consider: <ul style="list-style-type: none"> The proposed route and duration of the transportation, including estimated time of travel between the different 			VC		

locations

- Each of the proposed pick-up locations and destination
- The means of transport
- The purpose of the transport
- Any requirements for seatbelts or safety restraints under NSW law
- Any water hazards on the proposed route travelled and at each stop
- Number of adults and children involved in the transportation
- Whether any items should be readily available during transportation e.g., first aid bag/medication
- The process for entering and exiting the education and care service premises and the pickup location or destination
- Procedures for embarking and disembarking the means of transport
- Procedures for accounting for all children using the transportation, particularly during embarking and disembarking the vehicle
- Outline of specific educator responsibilities
- Traffic conditions
- Extreme weather conditions or natural disasters
- Environmental hazards such as temperature extremes, smoke and/or air quality
- Communication to/from the vehicle- mobile phone reception
- Health needs of all children and adults
- First aid provision and management of illness, injuries and emergencies.

Meeting ratio requirements may not always mean there is adequate supervision. When determining if supervision is

VC

adequate the risk assessment will also consider:

- The number of educators or other responsible adults to provide supervision and whether any adults with specialised skills are required
- The age, ability, needs and skills of children being transported (non-ambulant, neurodiverse, sensory sensitivities)
- The experience of the educators involved in transportation and their capacity for supervising children
- Visibility and accessibility
- Movement of children between the vehicle and venues and risks related to the mode of transportation including travel on foot
- Any previous risk assessment
- Child safe practices

Chartered Transport Bus Services

Procedure	Action By				
The service has validated the driver’s working with children check.			VC		
The number of passengers does not exceed the legal requirement.			VC	E

When Providing Transportation

Procedure	Action By				
The Safe Transportation of Children Checklist is completed each time transportation is provided to children. (See Appendix)			VC		
Educators will use travel time to engage in conversations to enhance relationships, extend children’s learning and strengthen connections between children, educators, families, and the community.			VC	E	

Educators will role model safe practices at all times.			VC	E	
Educators will not use their mobile phones while directly responsible for children, other than for the purposes of the transportation.			VC	E	
The service will engage children in establishing and implementing travel behaviour rules at a developmentally appropriate level. Rules will be focused on safety and respectful, courteous behaviour to others and will reflect the Behaviour Guidance policy. Educators will role model safe practices at all times.			VC	E	
Children are to seat themselves immediately. Educators and staff are to sit on the middle isle of the rows and ensure children are safely seated. Children are continuously supervised during transportation by educators sitting in a location that provides as much clear vision of children as possible.			VC	E	
Children are required to remain seated when travelling in vehicles and not behave in a dangerous or distracting manner. If a child is behaving dangerously in a vehicle, the driver of the vehicle has the right to stop in a safe place until the child/children comply with instructions. Families will be notified if their child continues to be challenging or behaving in a dangerous manner and may not be allowed to attend future excursions, should this behaviour be deemed a safety risk.			VC	E	F
Educator to child ratio requirements are maintained at all times, including when children are being transported as part of the service activity.			VC	E	
Children are never left unattended in the vehicle.			VC	E	
The number of passengers booked on the bus does not exceed the legal requirement.			VC	E	
In the case of an emergency such as vehicle breakdown, crash or other traffic incident, or illness, injury or trauma on board, educators transporting children will follow the service's policies and procedures and refer to the emergency response information in the vehicle.			VC	E	

A working mobile phone to communicate with the service, families is provided in case of emergency. A list of emergency contact numbers for the children and staff being transported is provided.			VC	E	
Every effort will be made to notify families of delays returning to the service if applicable.			VC	E	

The Designated Educator (Educator in Charge)

Requirements	Action By				
They adhere to the Safe Transportation Policy and participate in practical training relating to the safe transportation of children.		NS	VC	E	
They are aware of their roles and responsibilities while providing transportation for children.		NS	VC	E	
They have read the Risk Assessment prior to running the excursion and are aware of the risks and risk minimisation strategies in place.		NS	VC	E	
They complete the Safe Transportation of Children Checklist each time transport is provided to children.		NS	VC	E	
They ensure that the Transportation Attendance Record is completed each time transportation is provided to children.		NS	VC	E	
The Transportation Attendance Record is completed to record: <ul style="list-style-type: none"> Accounting for each child as they embark and disembark from the vehicle during transportation, and how each child was accounted for. The process for entering and exiting the education and care service premises and the pickup location or destination. That once all children have exited the vehicle, a final sweep of the vehicle is conducted by a secondary educator including the interior of the vehicle, to ensure there are no children or belongings left behind. 		NS	VC	E	

They ensure that children are organised into pre-determined groups (Excursion Groups) for each educator, and a list of the grouped children (Group Lists) will be made available to each educator prior to the excursion.		NS	VC	E	
Every reasonable precaution is taken to protect children from harm and from any hazard likely to cause injury.		NS	VC	E	
Ensure effective and adequate supervision is provided when transporting children.		NS	VC	E	
Where provided, children wear approved seatbelts/restraints where provided whilst the vehicle is in motion.		NS	VC	E	
Liaise with the bus driver to ensure the vehicle is parked in a secure and safe location for children to access.		NS	VC	E	
All emergency contacts are made available to the Designated Officer.		NS	VC	E	
The Administration of First Aid Policy is implemented in the event of a serious incident, injury, trauma, or medical emergency, including contacting emergency services, and notifying parents/guardians as required.		NS	VC	E	
An easily recognised and suitably equipped first aid kit is easily accessible during transportation.		NS	VC	E	
Educators carry medication, health plans and risk assessments for individual children.		NS	VC	E	
Educators are aware of all emergency procedures in case of any emergency.		NS	VC	E	

When Moving Children to and From the Vehicle

Procedure	Action By				
The vehicle will be parked in a safe location where children are not required to cross any roads. If this is unavoidable, educators			VC	E	

will follow a dedicated procedure for crossing the road and the safest route available to the vehicle will be taken.					
Educators will choose the safest route possible for walking children to and from the vehicle as determined by the risk assessment.			VC	E	
Educators will talk with children about safe practices and actively supervise them when moving to and from the vehicle. Children will be instructed on processes for entering and exiting the transportation vehicle, as well as safety rules to ensure a clear understanding of appropriate behaviour on transport and roads.			VC	E	
Supervision will take into account children’s age and development and their capacity to recognise and react to risks. For children not yet able to be independent and safe as pedestrians, educators will hold their hands.			VC	E	

When Embarking Transport

Procedure	Action By				
The vehicle will be parked in a safe location where children are not required to cross any roads. If this is unavoidable, educators will follow a dedicated procedure for crossing the road and the safest route available to the vehicle will be taken.			VC	E	
Children will be assembled in groups at a predetermined location prior to boarding.			VC	E	
An RPIC will stand at the door of the bus and complete the attendance record as children are embarking on the vehicle from the service.			VC	E	
A Transportation Attendance Record is provided to the RPIC prior to leaving the service to record: <ul style="list-style-type: none"> • Children’s attendance on the vehicle • How children are accounted for as they embark 			VC	E	

Once the attendance record has been completed, an educator will stand at the entry of the bus to ensure no unaccounted child embarks/disembarks the vehicle after the attendance record has been completed.

When Disembarking Transport

Procedure	Action By
The vehicle will park in a safe location where children are not required to cross any roads. If this is unavoidable, educators will follow a dedicated procedure for crossing the road and the safest route available from the vehicle will be taken.	VC E
Children are to remain seated until the bus has completely stopped.	VC E
Once the bus has stopped, the designated educator will give instructions to the children on how to safely disembark the bus and where to assemble once off the bus.	VC E
An RPIC will stand at the door of the bus and complete the attendance record as children disembark from the vehicle.	VC E
Once everyone has disembarked the vehicle, the group will assemble in the pre-determined location, in their excursions Groups with their educators.	VC E
An educator will do a final sweep of the vehicle, including the interior, to ensure there are no children or belongings have been left behind.	VC E

When Disembarking Transport at the Service

Procedure	Action By
On return to the service an attendance record will be completed	VC E

when children are disembarking from the vehicle to return to the service. This will provide an additional attendance check to confirm all are present.					
An educator will do a final sweep of the vehicle, including the interior, to ensure there are no children or belongings have been left behind.			VC	E	

When Travelling by Foot

Procedure	Action By				
All adults who are travelling by foot have read the Risk Assessment prior to running the excursion and are aware of the risks and risk minimisation strategies in place.			VC	E	
Educators will ensure that the safest route is taken. Children should be made aware of all safety rules before travelling by foot.			VC	E	
On departure the designated educator will stand at the gate and complete the attendance record as children are leaving the service.			VC	E	
Educators and children will undertake extreme care crossing all roads. Educators will ensure children cross the road at the crossing or lights where available and obey the road rules. When waiting to cross the road at a zebra crossing or at the lights, children will be kept at a safe distance from the curb. When crossing roads, an educator will remain at the end of the line to ensure all children have crossed over safely.			VC	E	
Where possible, one educator will remain at the front of the line and one educator at the back of the line. Educators are to remain vigilant to ensure that no child runs ahead or lags behind or acts in an unsafe manner. Where possible, children will walk on pavements.			VC	E	
Any child behaving in an unsafe manner will be given a warning and their parents will be informed of the incident. Repeated			VC	E	

unsafe behaviour may result in the child being excluded from excursions.					
<p>On arrival at the location educators will do a general sweep of the location to ensure there are no hazards.</p> <p>A designated educator will stand at the entrance and complete the attendance record as children are arriving at the location.</p>			VC	E	
On departure of the location a designated educator will complete the attendance record as children are leaving the venue.			VC	E	
An educator will do a final sweep of the location, including the toilets, to ensure there are no children or belongings have been left behind.			VC	E	
On return a designated educator will stand at the gate and complete the attendance record as children are returning to the service.			VC	E
